

MUK ELECTRICAL TOOL	CHOOSE FOR	HAIR SHAPE ABLE TO BE ACHIEVED	HAIR TEXTURE + TEMPERATURE			MUK THERMAL PROTECTION	TIPS	
			Fan	Temperature	Hair Type			
<b>MUK ULTRA SONIC DRYER</b> 	Damp/wet hair	<ul style="list-style-type: none"> <li>Natural texture (dry with fingers)</li> <li>Straight / smooth (using paddle brush)</li> <li>Bouncy blowout (using round brush)</li> <li>Natural curls (using the diffuser attachment)</li> </ul>	Low I	Low I	Fine texture, delicate, sensitised or bleached hair	Apply Hot muk Thermal Protector throughout wet hair prior to drying. 	When creating a volume/bouncy blowout and maximum curl longevity is required, finish the section using the cool shot feature.	
			Medium II	Medium II	Medium texture, medium density hair			
			High III	High III	Coarse texture, high density hair			
<b>MUK STYLE STICK 230-IR</b> 	Dry hair	<ul style="list-style-type: none"> <li>Straight</li> <li>Smooth / Sleek</li> <li>Bend</li> <li>Ribbon Curls</li> <li>Flicks &amp; Twists</li> </ul>	Ultra Fine / Delicate Hair / Bleached Hair		140°C-160°C	Comb hair to detangle and apply Hot muk Thermal Protector. 	Infusing the hair with moisture at the same time as styling will result in mirror shine by smoothing the cuticle layer.	
			Fine Hair / Damaged / Dry Hair		160°C-180°C			
			Coloured Hair		180°C-200°C			
			Medium Texture Hair		180°C-200°C			
			Coarse Hair		200°C-220°C			
			Very Coarse / Resistant Hair		220°C-230°C			
<b>MUK STYLE STICK 230-IR WIDE PLATE</b> 	Dry hair	<ul style="list-style-type: none"> <li>Straight</li> <li>Smooth / Sleek</li> <li>Large Ribbon Curl</li> <li>Wave</li> <li>Bend</li> </ul>	Ultra Fine / Delicate Hair / Bleached Hair		140°C-160°C	Comb hair to detangle and apply Hot muk Thermal Protector. 	Ideal for use on coarse hair, long hair and heads of hair with high hair density (lots of hair) – reduces styling time.	
			Fine Hair / Damaged / Dry Hair		160°C-180°C			
			Coloured Hair		180°C-200°C			
			Medium Texture Hair		180°C-200°C			
			Coarse Hair		200°C-220°C			
			Very Coarse / Resistant Hair		220°C-230°C			
<b>MUK CURL STICK</b> 	Dry hair	<ul style="list-style-type: none"> <li>Hollywood Waves</li> <li>Curls</li> <li>Beachy Waves</li> <li>Slight Bend</li> </ul>	Fine / Damaged / Extremely Delicate Hair		120°C	Mist Hot muk 6-in-1 Working Spray section by section while styling the hair. 	The dry heat created by the titanium barrels gives ultimate wave and curl longevity.	
			Fine Hair		150°C			
			Fine to Medium Texture Hair		170°C			
			Medium to Normal / Thick Hair		190°C			
			Thick to Coarse Hair		210°C			
<b>MUK HOT PADDLE BRUSH</b> 	Dry hair	<ul style="list-style-type: none"> <li>Smooth</li> <li>Sleek</li> <li>Polish</li> </ul>	Fine / Damaged / Extremely Delicate Hair		90°C	Apply 2-3 pumps of Hot muk Smoothing Serum to hands, rub into palms and distribute throughout dry hair. 	Great for 'slept-on' hair or natural texture to smooth, polish and perfect.	
			Fine Hair		150°C			
			Fine to Medium Texture Hair		170°C			
			Medium to Normal / Thick Hair		190°C			
			Thick to Coarse Hair		230°C
